

# LEAN YELLOW BELT CERTIFICATE ENHANCEMENT: CO-LOCATION & BIG ROOM BASICS

## COURSE DESCRIPTION

Co-location is an essential tactic for high performance, Lean teams to deliver client value and meet budgets. This elective illustrates the key to setting up “Big Rooms” and co-location spaces for maximum effectiveness.

Prerequisites: This training is an enhancement to the Lean Yellow Belt Certificate Training Program.

## PROGRAM OBJECTIVES

- ✓ **Understand the need for Co-location as a fundamental aspect of a high performing team for large projects.**
- ✓ **Develop the criteria for team behaviours and team expectations for co-location.**
- ✓ **Recognize the value of team culture and how to enable and maintain trust.**
- ✓ **Sustain a high performing team through collaboration, communication and continuous improvement.**
- ✓ **Learn the key elements and Kanban required for the Big Room.**

## INSTRUCTORS

**Avel Espiritu** is an expert in Lean principles and practices. With years of progressive experience leading and managing projects, he applies Lean principles to execute project tasks and bring them to a close – on schedule and within budget.

As an innate team builder and dedicated mentor, Avel enjoys coaching business owners how to think Lean, particularly when they see direct results to their bottom line. Avel is an ASQ Certified Six Sigma Black Belt and is also the recipient of the Dale Carnegie Outstanding Performance Award.

**Shafraaz Kaba** is an Intergrated Project Delivery (IPD) expert and architect who thrives on facilitating architecture that is ecologically aware. He is previously known for his work at Manasc Isaac Architects, where he focused on net-zero energy and carbon-emission reducing goals for buildings. Shafraaz now facilitates the creation of regenerative, net zero energy, and carbon neutral architecture using Lean culture and design thinking.

Over the last 20 years, he has made significant contributions to the design and cultural landscape of Edmonton, mainly through founding Media Architecture Design Edmonton (MADE). Shafraaz has been involved with Energy Efficiency Alberta and the Lean Construction Institute of Canada.
